To search for specific names, type keywords into the search bar in your PDF reader. If a keyword search doesn't turn up expected results, it is recommended that you also scroll down into the alphabetical listings to search for the name, as the text-recognition software is not perfect.

The table of contents below can also give you an idea of where to look within the document for other kinds of information listed in the directory, like street guides, government listings, and advertisement indices. Note that the PDF page number and the original directory page numbers are different, because the color-printed advertisement pages in the directories were not numbered.

Table of Contents:

Description	PDF page number
Advertisements	2 – 15
Partial street directory	16 – 19
Title page	22
Index to advertisements	25 – 27

Commercial Register	1702 – 1705

PREFACE.

The BROOKLYN DIRECTORY of 1896 is presented to the Citizens of our City, and it comes at a period when the Legislature has taken a most important step in the history of our municipality. Many of our Citizens feel that in going into the Greater New York we are about to lose our identity. This is a mistake. The wonderful progress of Brooklyn will form a very important phase in the history of this part of our country in the next century, and whatever political affiliations may be made, the steady advance of our City in population and increase of territory will proceed, and no act of the Legislature will ever be able to blot out the name of Brooklyn in the present generation or in the generations to come.

It seems to be peculiar to Brooklyn that in each year we are enabled to congratulate our Citizens on merging of some contiguous territory with our own. Since the DIRECTORY of last year we have added to our corporate limits the ancient town of Flatlands, which, with its beautiful soil, its bay-dotted water front, makes a very enticing and handsome addition. We feel the same pride in the steady progress of our Government yet, notwithstanding the fact that each addition adds considerable expense to our publication without any corresponding financial benefit.

We also congratulate our Citizens on the fact that this year we can feel that our efforts to furnish a true and complete DIRECTORY, although often combatted by foolish people who refuse to give us correct information, stands at the head of all like publications of other cities in regard to correct work.

Our system is so thorough, and has been made up from such a large number of years' experience, that it is very difficult for any false information to get into our work; yet we do not claim that we are perfect. That result will be impossible in making up a DIRECTORY. We are uncertain as to what will be the result of this business in future years, when we become a part of the Greater New York; yet we feel that with the increase of population on this part of Long Island, induced to a great extent by the cheap car fares over the number of miles within our territory, that it would be impossible for any such men to give a complete and proper record of their residence without obtaining assistance from ourselves or some who have been joined with us in this work for the years past, and we believe that legislation will not at any time for several years to come prevent us from sending out an annual greeting to our fellow citizens.

This year's DIRECTORY contains **243,691** names, or **7,711** more names than last year.

BROOKLYN, June, 1896.

The **Atlas** of the **Hudson River Valley**, one of our recent publications, is a standard work that should be found in every family, school or public library. It consists of a series of carefully compiled maps, extending from the City of New York to Troy, covering a strip three to four miles wide on each side of the river; it gives, as it were, a panoramic view of all beautiful scenery, and of magnificent country residences of many of New York's wealthy people.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Among our other publications are

County Histories, State and County Atlases, City Town and Village Maps.

J. B. BEERS & CO.,

36 Vesey Street, New York.

(OVER.)

We Make Maps to Order for Every Purpose.

Real Estate and Property Maps.

Town, County and Road Maps.

City and Village Maps.

Special Maps for Reports, etc., compiled, drafted, engraved and printed. We have more material to work from in the way of notes and surveys, than any other concern in the City or perhaps in the U. S.

Special attention is given to drafting and publishing property maps and real estate dealers and property owners who contemplate marketing lands as building sites, or converting farming lands adjacent to cities or villages into building lots, will find it greatly to their interest to get estimates for such work from us.

We make a specialty of Photo-Lithograph work.

BUSINESS DIRECTORY OF BROOKLYN AND LONG ISLAND.
Price $2.00. LAIN & HEALY, 17 Willoughby St., Brooklyn.

THE BROOKLYN CITIZEN

The Progressive and Popular Paper of the Greater New York

Essentially a Newspaper

THE BROOKLYN DAILY CITIZEN is now in its tenth year, and is the most largely circulated of all the Brooklyn papers. It is essentially a newspaper for the home circle. While distinguished for enterprise, care has been taken from the beginning of its career to admit nothing to its columns that would offend the moral sense of self-respecting people

In Politics

In politics it is Democratic, but its democracy has never prevented it from condemning evil in democrats or upholding men of other parties who did right. It is the organ of citizens irrespective of party who make the public well-being their first consideration

Educational Affairs

The attention which it gives Educational affairs has secured for it a practical monopoly of the favor of the nearly three thousand teachers in the public schools

Public Movements

Similarly, the admirable manner in which it has caused the various public movements in which ladies are engaged to be reported has made it the chief medium of news for the refined, social, benevolent and fashionable life of Brooklyn

Labor and Capital

Entirely free from all entangling alliances with rings or corporations of any kind, it is listened to by labor and honest capital alike with a confidence that makes it an unequalled power for good. There has been nothing done for the advancement of the city during the past ten years in which the CITIZEN has not been an influential force

Favors Consolidation

It is the only Brooklyn paper that favors the consolidation of Brooklyn with New York

Advertisers

The people, whom it is the object of nearly all important advertisers to reach, are precisely those who read the CITIZEN. It offers no encouragement to either criminal classes or those who suffer a depraved taste. Its appeal is wholly to what is virtuous, honest, self-supporting and thoughtful in the community

Enormously Successful

The CITIZEN has been enormously succesful. It owns the splendid building in which it is housed, and which is the most valuable piece of business property in the city

The Equipment

The equipment of the CITIZEN is complete and up to date in all respects. Its composing room is filled with typesetting machines of the latest pattern, its pressroom is adorned with specimens of the skill of the Hoes of New York and the Goss Company of Chicago

The CITIZEN is now so thoroughly interwoven with all that is really influential and honorably characteristic of Brooklyn that it may fairly be called the chief institution in the city. Its circulation books are always open to advertisers

The Brooklyn Citizen

397 Fulton Street

Has increased and improved its capacity for **Fine Work**. Should you need fine printing, remember us

We do the best in our line
We can prove it if given the opportunity

Job Printing Office

THE BROOKLYN DAILY EAGLE

Has a circulation larger than any other Evening Paper of its class published in the United States. Brooklyn has a population of ***1,000,000*** and Long Island of ***1,250,000***. The "EAGLE" was established when Brooklyn was a village. Advertisers who desire to reach this compact population can do so only through its columns.

PUBLISHED EVERY DAY IN THE YEAR. **SUNDAY EDITION IN THE MORNING**
